Other useful links: Default password/Login RUCKUS R500 Unleashed enables controller-less Wi-Fi architecture for small business environments with superior performance, lower costs and simplified management. Complete Local and Remote Management ZoneFlex R500 Unleashed can be securely managed from anywhere at anytime using any browser on any device. You can define application-specific access rules (such as limiting access to YouTube or social media), or even limit Wi-Fi speeds for specific applications and/or SSIDs. Resiliency Continue to access printers and other network devices even if internet connectivity fails. These access points (APs) use our patented technologies to deliver Ruckus' industry-leading Wi-Fi performance, but in a package designed and priced for small and medium-size businesses (SMBs) and organizations introducing RUCKUS Unleashed RUCKUS Unleashed is a high-performance, simple-to-setup, easy-to-manage and affordable portfolio of access points. Security Use DPSK to eliminate the risks of shared passwords and lock down access to the Wi-Fi network—without complex configurations. And Unleashed APs are designed to easily scale up as the business grows—a key requirement for the 58% of SMBs that expect to grow within the next 6-12 months. The ZoneFlex R500 Unleashed automatically selects channels for highest throughput potential using RUCKUS ChannelFly dynamic channel management, adapting to environmental changes. Many manufacturers will post the user manuals for their products online in a searchable database so consumers can download them in .pdf form. Multiple Language Support Create and manage your Wi-Fi network in your own language. Weekend hours begin mid-morning and continue into the evenings. Set-up is also easy, thanks to a simplified web interface that helps businesses configure Wi-Fi in just 60 seconds. Deploying at multiple sites? You'll find many different countertop microwave ovens, as well as built-in models. Protect your network from malware and phishing sites. Enterprise-class features? As part of Sharp Electronics Corporation, Sharp Imaging and Information Company of America takes care of the business products you find in offices. SSID Rate-Limiting If you want to limit data speeds for a particular group of users (such as guest users), you can create a separate SSID with a data rate "speed limit" that you define. With Sharp products in your home or office, you have the assurance of quality and innovation. You can choose a specific product, FAQs, purchase options and more. After purchasing a Sharp product, be sure to visit the Sharp website to register it. AP Groups Apply multiple configuration profiles to different groups of APs. Zero IT Easily onboard customers or employees onto your Wi-Fi network through a simple, self-service portal. Be careful that you're visiting trusted websites, so you're not downloading a virus inadvertently. Check Out Do-it-Yourself Websites When do-it-yourself websites are explaining how to build or troubleshoot something, they'll often post instructions or links to PDFs for free product manuals. Hit "enter" after supplying the model number and you'll navigate to options for product support, which include accessing and downloading your user manual in PDF format. Contacting Sharp If you need to speak with a person on the Sharp team, you can reach out by phone every day of the week. Provide Wi-Fi access through Guest Passes, or have guests authenticate using social media accounts such as Facebook to eliminate the hassle (and security holes) of sharing Wi-Fi passwords. Sharp provides extensive user support to ensure that you know how to use the products you purchase. The Sharp Company The Sharp Electronics Corporation is a subsidiary of the Sharp Corporation based in Osaka. In addition, secure your network and protect your clients with WPA encryption, client isolation and 802.1x for RADIUS and Active Directory. Flexible Migration Options RUCKUS Unleashed is custom-designed to help small business owners grow their business, deliver an excellent customer experience and manage costs while supporting Wi-Fi and a variety of mobile devices with minimal IT staff. Want blazing-fast Wi-Fi performance? Key features are highlighted below. If you're not sure where the model number is located, click the link to get hints for finding it. Weekday hours stretch from early morning into the evenings. Patented BeamFlex+ Technology Extends Signal Range, Improves Stability of Client Connections All ZoneFlex R500 Smart Wi-Fi access points integrate a software-controlled smart antenna with PD-MRC (polarization diversity) that delivers up to an additional 6 dB of BeamFlex gain and 15 dB of interference mitigation. MORE FROM QUESTIONSANSWERED.NET We've all been there—you moved to a new home or apartment, and it's time to set up electronics and components. Deployment For Retail The ZoneFlex R500 Unleashed is ideal for deployment in retail stores to provide inconspicuous wireless connection to high quality video, wireless IP phones and data access for handheld PoS bar code scanners. And when you need air purification, Sharp has a number of air purifiers available. Sharp printers and copiers are a solid choice for places of business as well as home offices. Application Visibility and Control Monitor the network usage patterns of over 2,200 applications with Deep Packet Inspection, and find out which ones are consuming the most resources. A sleek and low-profile design, the ZoneFlex R500 Unleashed was purpose-built for small-medium enterprises requiring reliable high speed client connectivity. Welcome to RUCKUS Unleashed. Separate controllers and access point licenses are no longer needed, significantly reducing upfront costs. Zero Touch Mesh Add new Unleashed APs to the existing network securely over the air. Registration ensures that you'll have all the benefits of a product warranty, and you can get product support if you need it. Sharp User Manuals On the Sharp USA home page, scroll to the bottom of the page and click "Support Center." Find the section where you can enter your product model number, and enter it into the open field. And if you need your appliances serviced, you can search for an authorized service center near you. Each ZoneFlex R500 Unleashed integrates Ruckus-patented BeamFlex, a software-controlled, high gain antenna array that continually forms and directs each Wi-Fi packet over the best performing signal path. Remote Management Need a quick answer or help troubleshooting a network issue? The Sharp Home Electronics Company of America is the division in charge of manufacturing, marketing and servicing home appliances such as microwaves. Sharp Products Sharp appliances are part of a well-equipped kitchen. Steam ovens, convection ovens and induction cook tops are also available from Sharp. Using this method will reveal where other discussion forums, blogs and websites are posting product user manuals online for free. All you have to do is enter the product information you're looking for and hit enter. Once deployed, enterprises never have to worry about constant site surveys as the environment changes. With built-in controller functionality, there's no need to invest in a separate appliance. It is ideal for a variety of medium density enterprise and hotspot environments including SMBs, venues, local retailers and non-franchise restaurants. You can get your network up and running in under 5 minutes Where can RUCKUS Unleashed deliver maximum value? The majority of these searchable product databases act like a traditional search engine and don't require a user registration or login. Advanced WLAN Applications Each ZoneFlex R500 Unleashed supports a wide range of value-added applications such as guest networking, Dynamic PSK, hotspot authentication, wireless intrusion detection and many more. Manage all your Wi-Fi networks from one place through the Unleashed Multi-Site Manager. Business-class security and resiliency? Social Login With the built-in Social Login feature, you can sign into the Unleashed mobile app using your Gmail, Facebook or Twitter account, and link your Unleashed Wi-Fi network. So, if you're trying to figure out how to fix your refrigerator or dishwasher, visiting a do-it-yourself website may hold the key to the answers you're looking for regarding this information. At the very least, these websites may lead you toward the user manuals you couldn't find previously. And all at an affordable cost? The R500 Unleashed is ideal for wireless networks servicing mobile devices with dual-polarized antennas that adapt in real time to hand-held device movement and rotation ensuring consistent performance. From that point on, you can manage your Unleashed network from anywhere in the world using your social login. You'll also find a third section with state-of-the-art TVs manufactured by Sharp. Customize your guest Wi-Fi ports with your logo, brand and messages. Simple installation and management? Then, a list of search results appear similarly to a traditional search engine. Use a Traditional Search Engine if you're having difficulty with manufacturer websites, help forums or databases, you can opt for searching the Internet the traditional way. You'll need to look at the product, determine its serial number or other identifying marks to perform the search. They're the perfect choice for smaller organizations that need to provide high-performing, enterprise Wi-Fi to employees, customers and guests without breaking the bank. Users stay connected to the Wi-Fi network even if one or several APs fail for any reason, as long as at least one AP in the network is online. URL Filtering Define web access rules for your network users. Just tap the "Invite for Remote Management" option on the mobile app, and send a text message or email with a link containing all the Unleashed network information to an expert. Enterprise-grade features RUCKUS Unleashed APs and switches come loaded with enterprise-grade features to customize, optimize and secure your Wi-Fi networks and deliver great user experiences. Then, you should be able to find the user manuals for free. Search Help Forums When individuals need help troubleshooting or setting up products, they'll go to forums for help. Dramatically speed up and simplify the installation of an Unleashed network. You can manage your entire network (APs and switches) from your phone or web browser. Using the Unleashed mobile app, Unleashed APs can be managed by practically anyone—no specialized IT expertise required. Unleashed access points have built-in controller capabilities, including user access controls, guest networking functions, advanced Wi-Fi security and traffic management. So, if you're unable to find a Magic Chef user manual on the product manufacturer's website, for example, you may be able to find something in a help forum. Use a Website Database Many website databases are available containing free product user manuals online. RUCKUS Unleashed currently supports 13 languages. At the top of the home page, hover your cursor over "Appliances" or "Business Products" and peruse the pop-up menu that appears. Except, when you bought them, you didn't think you'd need the user manuals after initially setting them up. Many of the technicians or other users who work with these individuals will post free product manuals to help consumers resolve their issues. Fortunately, these guidelines will help you find free product user manuals online. Visit the Product Manufacturer's Website Depending on the age of the product is you're using, chances are you'll be able to find the user manual for it online. Sharp also provides live chat support on the website during the same hours as phone support is available. FEATURE BENEFIT Guest Services Give guests secure, high-performance Wi-Fi access, while isolating their traffic from the private business network easily. This is especially beneficial to enhance the performance of mobile devices which are constantly in motion and changing orientation. Choose from many different multi-function copiers and printers that perform all of the essential functions you need to manage your business. Navigating the Sharp Website The Sharp USA website is divided into appliances for the home and machines for the office. RUCKUS Unleashed APs and switches are designed for small and midsize businesses with a single location or multiple locations with up to 128 APs, 2048 clients and 8 switches per deployment. In a controller-less configuration, the ZoneFlex R500 Unleashed works with a wide range of authentication servers including Microsoft's Active Directory, and AAA/RADIUS.
